To Whom It May Concern

It gives me great pleasure to write this letter of recommendation for Mike Kelty and his associates who worked on the exterior and interior renovation of an existing three story building to convert it into our Corporate and District Offices in Guaynabo, Puerto Rico.

It was a very complex project requiring skill, innovation and technical knowledge. Mike Kelty and INGENII, LLC prepared the architectural, civil, mechanical, electrical and plumbing drawings. The drawings were of excellent quality and all the changes requested by us were made in a timely manner. They also did construction observation for the project, for which they provided periodic reports which were prompt and thorough. Due to their contribution, the project was a success.

I wish Mike Kelty and INGENII, LLC good luck and highly recommend others to utilize their services.

Sincerely,

Naseer Ansari, AIA
